Who We Are...

Crossroads Pregnancy Care provides compassionate care, practical assistance (diapers, formula, baby clothing, etc.), educational support, and referrals to community human service agencies*. We provide pregnancy tests and limited obstetric ultrasound for pregnancy verification. We provide support for those experiencing loss and grief from a past abortion. We also provide spiritual encouragement and support through Biblical counsel and studies for those clients who desire spiritual guidance.

We have a Sexual Risk Avoidance program to educate both youth and parents regarding the risks involved in early sexual involvement. Our program, "Healthy Relationship Essentials," seeks to empower youth to make wise decisions about their bodies, both physically and emotionally. We encourage youth to carefully consider the essentials of a healthy relationship from initial attraction to the potential of marriage. The program encourages each participant to understand their value as well as the significance of how their choices today will impact their entire life.

All of our services are FREE and confidential.

Crossroads was established in 1985 and has served nearly 5,000 clients and their families in Upper Bucks County and surrounding communities.

* We never refer for abortions
