Our speaker this year will be Jeff Jackson, the director of Shepherd's Staff Mission Facilitators in San Diego. A missionary himself for many years in the Philippines, he currently trains prospective missionaries and speaks regularly at numerous missions conferences in the United States and abroad.

An ardent supporter of the pro-life movement, Pastor Jeff was part of the steering committee that began the first Crisis Pregnancy Center, Alternatives, in his hometown of Escondido, CA; has spoken at CPC fundraisers; and will begin serving on the board of a CPC in the San Diego area.
